

Airport Information

Orange County (SNA)

SNA is the most convenient airport for reaching UCI and the Atrium Hotel. Nonstop flights and convenient connections are available from EWR, ORD, ATL, IAH, DEN, and West Coast cities. It is served by all major airlines.

The Atrium Hotel is literally across the street from the airport, and one can walk from airport to hotel. SNA is a 10 min drive from UCI. Rental cars are available in the terminal.

Los Angeles (LAX)

LAX has the best flight offerings both in terms of nonstop flights and in terms of departures to the Midwest and East Coast late in the day and arrivals late at night. It is a 45 min drive from the Atrium Hotel and 50 min from UCI, if there is no traffic. Traffic at rush hours can be bad, sometimes doubling the driving time.

Long Beach (LGB)

LGB is about half-way between SNA and LAX. It is small and convenient but has limited flights. It has nonstop flights to JFK. It is about 25 min from the Atrium hotel and less than 30 min from UCI. Driving to LGB from UCI can have heavy traffic at rush hour.
