

## Public Event<sup>1</sup>

*Each public event has these elements:*

- *An exciting 40-minute show suitable for children (based on a Physics Assembly)*
- *Hands-on activities based on the elementary show*
- *A public lecture by an engaging faculty member on recent research*
- *Panel Q&A with UCI undergrads, grad students, and faculty*

**Winter 2014 event:** Momentum and the Large Hadron Collider

**Location:** UCI

**Date:** Saturday, January 11, 2014 (tentative)

**Time:** 2:00 p.m. (tentative)

**Faculty Speaker:** Daniel Whiteson, <http://amanda.uci.edu/~daniel/index.html>,  
experimental scientist on the Large Hadron Collider and web comic author

**Intended Audience:** All ages (but especially teenagers taking physics)

**Cost:** Free
