

Concept:

“The Films of Charles & Ray Eames: Powers of Ten” is classic film that takes one on a visual journey from the edge of the visible universe to the inside of a proton (representing 10^{25} – 10^{-18} meters). “IMAX: Cosmic Voyage” is very similar but updated with better graphics and more current information.

Equipment:

- “The Films of Charles & Ray Eames: Powers of Ten” DVD
- “IMAX: Cosmic Voyage” DVD

Procedure:

1. Play DVD in DVD player.

Notes and Extras:

- “The Powers of Ten” has a 17-minute run time.
- “Cosmic Voyage” has a 36-minute total runtime but the ‘Powers of Ten’ section is located between 7:25 – 15:45 minutes.
